The screenshot shows a web editor interface. At the top, there are navigation icons and a header with 'index [홈]' and buttons for '임시저장', '게시하기', and '종료하기'. A sidebar on the left contains a list of block types: '슬라이드', '인트로', '타이틀', '소개/설명', '연혁', '팀원', '리뷰', '가격표', '프레임' (highlighted in blue), '게시판', '최신글 그룹', '갤러리', '입력폼', '디데이', '캘린더', '가상플랫폼', and '코드'. A modal window titled '블럭 추가하기' is open, showing a list of these block types with corresponding dashed-line templates. The main editor area is empty and displays the message '작성된 내용이 없습니다. 블럭을 추가해 주세요' with a plus sign icon. At the bottom, there is contact information and social media icons.
